1. Conditions of Participation

1.1. Organization

The World Latte Art Championship (WLAC) is a program of World Coffee Events, LTD (WCE).

1.2. Rights

All intellectual property related to the World Latte Art Championship, including these Official Rules and Regulations and the format of the competition, are the property of World Coffee Events, LTD. No part of this document may be used or reproduced without the expressed permission of World Coffee Events, LTD.

1.3. Conditions of Participation

1.3.1. Competition Body Qualifications

The World Latte Art Championship (WLAC) is a competition open to qualified Competition Body Champions of a World Coffee Events (WCE) sanctioned competition event. Sanctioned events are put on by WCE Licensed Competition Bodies. Every competition year, 1 competitor from each WCE Licensed Competition Body may participate. To learn more about how to become a WCE Licensed Competition Body please read the Competition Body Sanctioning Criteria and Terms, found here: worldcoffeeeevents.org/competition-bodies.

1.3.2. Competition Body Champions and Substitutions

- A. A Competition Body Champion is defined as the competitor who wins their Competition Body Championship. This competitor has won the right to compete in that year's World Championship, or to defer candidacy to the following year. A competitor may defer candidacy to the following year, only if they have an eligible reason for doing so (see Deferred Candidacy (DC) Policy found here: <https://worldcoffeeeevents.org/deferred-candidacy-application-general-contact-submission/>).
- B. If a Competition Body Champion successfully applies for Deferred Candidacy, they retain their title as Competition Body Champion, and may compete in the World Championships the following year. Once the Competition Body Champion has deferred their candidacy, the licensed Competition Body may designate an alternate competitor from its competition in descending order of succession, beginning with its second-place finisher. In this case, the competitor who goes to the World Championships will hold the title of Competition Body Competitor. Competition Body Competitors are not eligible for Deferred Candidacy, and do not hold the title of Competition Body Champion. However, all Competition Body Competitors

will be eligible to represent their coffee community by participating in the World Coffee Championships, including being eligible to win the title of World Coffee Champion.

- C. If a Competition Body Champion is not eligible for deferral, and elects not to go to the World Championships, the title of Competition Body Champion will transfer to the successive competitor.
- D. All Competition Body Champions who do not compete in the worlds, for any reason, are required to give WCE notice themselves, via info@worldcoffeeeevents.org to ensure clarity. Requests for any substitutions (Competition Body Representative Competitor) must be also received in writing from the Competition Body at info@worldcoffeeeevents.org and approved by its Managing Director prior to competition.

1.3.3. Age requirement

Competitors must be at least 18 years of age at the time of competing in any World Coffee Events (WCE) sanctioned event.

1.3.4. Nationality

- A. Competitors must hold a valid passport from the place they represent or documentation substantiating 24 months of residency, employment or scholastic enrolment, some portion of which must have been within 12 months preceding the qualifying Competition Body competition.
- B. Competitors may only participate for 1 sanctioned Competition Body per WCE Competition year. A competition year is relative to the World Championships for which an event is qualifying a competitor to compete (e.g., if the competitor is competing in any Competition Body event that would qualify them for a 2020 World Championship, they must compete for that Competition Body exclusively in any event that is a qualifier for any 2020 World Coffee Championship).

1.3.5. Multiple Passports

In case of multiple passports, the contestant must choose 1 Competition Body and qualify through this respective sanctioned Competition Body championship.

1.3.6. Expenses

Licensed Competition Bodies are required to pay their Competition Body Champion's reasonable travel and accommodations expenses to, from, and for the duration of the WLAC. All other expenses not explicitly listed above are the sole responsibility of the competitor. WCE shall not be liable for any competitor expenses under any circumstance.

1.4. Conflicts of Interest

1.4.1. Judging

- A. Competitors may not judge in any sanctioned WLAC competition (world, Competition Body, regional) in any country, including their own, prior to the conclusion of that year's WLAC Event. Judges may not compete in any sanctioned WLAC competition (world, Competition Body, or regional) in any country, including their own, prior to the conclusion of that year's WLAC Event.
- B. WLAC judges must not coach and judge in the same competition, for that competition year.
- C. Competitors may not select or endorse judges within their Competition Body Competition. Competitors who are involved in the management of their Competition Body Competition should declare their position via email to WCE outlining their areas on involvement. Note that this does not necessarily exclude or effect the competitor's engagement, however non-disclosure most likely will.

1.4.2. Calibration Baristas

- A. Competitors who participate as a calibration barista in a judge calibration for this competition are not eligible to compete in a sanctioned event until the completion of the competition year. This applies to both Competition Body WCE Sanctioned events as well as the World Competition.
- B. A competitor is allowed to be a calibration barista if they are not competing in that same competition year, for that championship. Additionally, a competitor is allowed to be a calibration barista at the World Championships in the same competition year, if they have failed to qualify for the World Championships at their sanctioned Competition Body championships.
- C. A competition year is relative to the World Championships for which a Competition Body event is qualifying a competitor to compete.

Correct example: A competitor acts as a calibration barista for the 2021 World Championships. They are allowed to compete in their Competition Body events, that would qualify them to compete in the 2022 World Championships.

Incorrect example: A competitor acts as a calibration barista for any 2021 sanctioned Competition Body championship event (even in a country that is not their own), and then competes in the same competition at the 2021 World Championships.

1.4.3. Other Conflicts of Interest

WCE encourages any potential conflicts of interest to be declared at the soonest opportunity, certainly prior to the commencement of any competition by competitor, judge and/or event organizer.

Failure to declare a potential conflict in advance of a sanctioned event could result in disqualification from events for an individual, or WCE removing endorsement for an event and its results that do not follow these guidelines. Questions regarding conflicts of interest, or clarification of the above policy should be directed to info@worldcoffeeeevents.org.

1.5. Enforcement of Rules and Regulations

The WLAC will employ these Rules & Regulations throughout the competition. If a competitor violates 1 or more of these Rules & Regulations, they may be automatically disqualified from the competition, except when the Rules designate a specific enforcement or consequence. If a judge or competition organizer causes the violation of 1 or more of these Rules, a competitor may submit an appeal, according to the process detailed in the “Appeals at the World Latte Art Championship” or “Appeals at a Competition Body Event” sections.

1.5.1. COVID-19 Addendums

All Rules and Regulations are subject to change based on local and venue health and safety requirements or guidelines. World Coffee Events will share any Rules and Regulations changes via email ahead of the competition. These changes may include, but are not limited to changes to table sizes or layouts; material of provided vessels or cups; limits on coaches or helpers in the competitor preparation and practice rooms; mask or glove mandates; schedule changes for sanitization; etc.

1.6. Application

1.6.1. Competitor Registration Form

Competitors must complete the WLAC Competitor Registration Form online at worldlatteart.org no less than 6 weeks prior to the WLAC Event. This form includes a space to upload a scanned copy of the required valid passport or other accepted credentials (as described in Section 1.3.4 “Nationality”). Approved Competition Body Champions will receive confirmation by email in approximately 2 weeks after receipt of all required registration documentation.

1.6.2. Late Competition Body Championship Registration

Competition Body Champions from competitions conducted less than 6 weeks prior to the WLAC Event must submit all registration materials no more than 5 days after their Competition Body event. Failure to meet these criteria may result in denial of participation.

1.6.3. Competitor Questions

All competitors are personally responsible for reading and understanding current WLAC Rules & Regulations and scoresheets, without exception. All WLAC documents are available at worldlatteart.org. Competitors are encouraged to ask questions prior to arriving at the WLAC. If any competitor is unclear as to the intent of any of the rules and regulations it is their responsibility to clarify that position with the Rules and Regulations Committee prior to the WLAC by contacting info@worldcoffeeeevents.org. Competitors will also have the opportunity to ask questions during the official Competitors Meeting held prior to the start of the competition.

1.6.4. Terms & Conditions

Competitors and the World Latte Art Champion are visible spokespeople of the World Latte Art Championship event and role models of the specialty coffee industry, and as such must:

- A. Permit World Coffee Events Ltd., its stakeholders, agents, and representatives to use the competitor's name, image or likeness in any format without charge for any business purpose, including but not limited to marketing promotion.
- B. Read and abide by the Competitor Code of Conduct document found on the WLAC website.
- C. Read and abide by the Champion Code of Conduct document found on the WLAC website.

2.2. Art Bar

- A. Each competitor will produce 1 latte of their own design, utilizing free-pour techniques and/or etching. Surface decoration may also be used in moderation. Higher points should be awarded for creativity that highlights the full extent of the barista's skills (e.g., free-pour, etching, artistic talent, etc.).
- B. Only competitors are allowed in the bar area during the preparation and competition times. Spectators, photographers, etc., are to be kept at a suitable distance as not to interfere with the working barista.
- C. Competitors will have 5 minutes of preparation time before their 5 minutes of competition time begins.
- D. During the competition time, the competitor is required to produce their design and present it onto a designated location for the photographer or camera.
- E. The competitor may take as many attempts as they require to produce their beverage within the 5 minutes but must present only 1 drink to the photographer or camera.
- F. It is the competitor's responsibility to present the drink to the photographer while still fresh. The competitor must carry their drink to the designated photography area, and they are responsible for any spills or disturbance of the drink's appearance. Competitors are permitted to wipe spills from the cup and saucer with a clean cloth or napkin.
- G. A timekeeper will advise the competitor when there are 3 minutes, 1 minute, and 30 seconds of time remaining. Once the drink is presented to the photographer their time will be stopped.
- H. The photographs will be judged by a panel of 4 judges: 3 certified WLAC judges and 1 judge who may be chosen for their artistic expertise (e.g., chef, artist, designer, etc.) and may not have coffee expertise.
- I. The judges will assess the photographs of the drinks on their overall appealing impression and contrast between ingredients.
- J. No photographs or picture of the pattern is required beforehand.
- K. Photographs may be used by WCE for promotion.
- L. Competitors must use the grinders and machines provided for the competition. It will not be permissible to use your own. The grinders will be set to an approximate setting, but it is up to

the barista to fine-tune this setting to their personal requirements within the 5 minutes preparation time.

2.3. Stage Performances

- A. Competitors are required to provide exactly 1 printed photograph of each pattern (i.e., free pour latte, free-pour macchiato, or designer latte depending on the round). Competitors must write “Free-Pour” and “Designer” on the corresponding pictures. The photo should clearly show the pattern to be attempted (artistic representations of the pattern and pictures on electronic devices will not be accepted). Failure to produce an acceptable picture will lead to a 0 score in the “Two Identical Patterns Matching the Presented Picture” section.
- B. Each drink will be judged against the presented picture. Both drinks should match the picture presented and will be scored based on how identical each set of drinks is to the picture presented. If the picture presented and the drinks poured do not match at all then the competitor will receive 0 for the whole drink category on the Visual Scoresheet.
- C. The competitor must present drinks in the order in which the drink categories are set on the scoresheet.
- D. Any category of drinks must be fully completed (e.g., 2 free-pour lattes) before a competitor may serve another set of drinks, otherwise the drinks in the incomplete category will be disqualified.
- E. Etching on the “free pour” lattes will result in a 0 score being given for the whole drink category on the Visual Scoresheet.
- F. There may be 2 competitors performing at a time. Competitors cannot bring their own music.
- G. Competitors are not expected to give an extensive verbal presentation to the judges and/or audience, however a verbal presentation is acceptable. Hospitality skills will still be considered and scored when serving the judges.
- H. There will be a panel of 4 judges: 2 visual judges, 1 technical, and 1 head judge.
- I. Competitors must use the grinders and machines provided for the competition. It will not be permissible to use your own. This meeting is mandatory for all competitors. During this meeting the Event Manager will make announcements, explain the competition flow, cover the competition schedule, and share images of the stage and backstage areas. 5.2. Preparation/Practice Room

There will be a staging area designated as the competitors' preparation/practice room. This area will be reserved for the competitors, coaches, volunteers, and any WLAC officials. Practice times will be scheduled based on competition time (i.e., the first scheduled competitors will have the earliest scheduled practice times). Competitors will be emailed a practice schedule prior to arriving to the WLAC. The WLAC does not guarantee access to practice space outside of assigned practice time slot. The head runner will be responsible for ensuring that each competitor's station is set as the competitor has requested prior to their preparation time (e.g., the head runner will make sure each competitor's grinder is placed to the right or the left of the espresso machine per the competitor's request). Once the prior competitor begins their competition time, the next scheduled competitor may begin their 5-minute preparation time upon advice from the WLAC event manager and/or the preparation timer. The purpose of the preparation time is to set up the station and prepare the area for competition.

Once the competitor has arrived at their assigned station and agreed the station is set to their specifications, the official preparation timekeeper will ask the competitor if they are ready to begin. Before the competitor is allowed to touch anything at their station, the competitor must put their hand in the air and call “time” to begin their 5 minutes of preparation time. The designated official preparation timekeeper will begin a stopwatch the moment the competitor calls “time”.

Competitors must take unopened, fresh milk bottles with them on stage. They may not prepare milk offstage. Competitors can prepare their milk from the unopened, fresh, milk bottles during preparation time.

6.2. Judges’ Presentation Table

Tablecloths, water, napkins, and decoration are not required and will not result in a higher score but may result in points lost for hospitality at the discretion of the head judge, dependent on the severity of the infringement. This rule is designed to help competitors by preventing them purchasing and transporting unnecessary equipment.

6.3. Practice Shots

Competitors are allowed and encouraged to pull practice shots during their preparation time. “Pucks” (also known as “cakes”) are allowed to be left in the portafilters at the start of the competitor’s competition time.

6.4. Pre-Heated Cups

Cups can be preheated during the competitor’s preparation time. However, no water can be present in cups at the start of the competitor’s competition time. At no point can there be cups with liquid in them on top of the espresso machine.

6.5. End of Preparation Time

Competitors will not be allowed to exceed the 5 minutes of preparation time. During their 5 minutes of preparation time, the timekeeper will give the competitor a 3-minute, 1-minute, and 30-second

warning. At 5 minutes, the official preparation timekeeper will call “time” and tell the competitor to step away from the station.

7. Competition Time

7.1. Introduction by the Master of Ceremonies

Once the 5-minute preparation time has elapsed and the judges are ready, the Master of Ceremonies will introduce the competitor.

7.1.1. Interpreter

Competitors may bring their own interpreter. When speaking to the competitor, the interpreter is only allowed to translate what the emcee has said. When a competitor speaks, the interpreter is only allowed to translate exactly what the competitor has said. No additional competition time will be allotted for the use of an interpreter. It is the competitor and coach’s responsibility to read the Interpreters Best Practice document that is available from worldlatteart.org.

7.2. Begin Competition Time

The Master of Ceremonies will inform the competitor to start competition time. Before the competitor begins their introductions to the judges, the competitor must put their hand in the air and call “time” to begin their competition performance time. The designated competition timekeeper will begin a stopwatch the moment the competitor calls “time”.

Tracking time elapsed during the competition performance time is the responsibility of the competitor, though they may ask the timekeeper for a time check at any point.

- A. In the Preliminary Round, the competition timekeeper will give the competitor a 3-minute, 1-minute, and 30-second remaining warning during their 8 minutes of competition time.
- B. In the Semi-Finals Round, the competition timekeeper will give the competitor a 3-minute, 1-minute, and 30-second remaining warning during their 9 minutes of competition time.
- C. In the Finals Round, the competition timekeeper will give the competitor a 5-minute, 3-minute, 1-minute, and 30-second remaining warning during their 10 minutes of competition time.

The timekeeper is required to give these warnings as they happen and may be given them to the competitor while they are speaking.

Please note: If the clock has malfunctioned for any reason, competitors may not stop their time. In the case that the clock has malfunctioned, the timekeeper’s time is the official time for the competition. The competitor will receive the same warnings noted above.

7.3. Serve Required Beverages

All drinks must be served at the judges' presentation table.

7.4. Runners Clear the Served Drinks

After each set of drinks has been served to and evaluated by the judges, a runner will clear the drinks from the judges' presentation table upon the head judge's signal. If a competitor has special instructions for the runner, they will need to explain these instructions to the WLAC event manager and the runner before the start of their competition time. The runner will make every effort to avoid impeding the competitor, but it is the competitor's responsibility to navigate their station successfully.

7.5. Station Perimeters

Competitors may only utilize the work area provided by the WLAC: the machine table, worktable, and presentation table. The introduction of any other furniture and/or equipment that is placed directly on or over the competition area floor (e.g., a stand, table, dumbwaiter, bench, etc.) will result in automatic disqualification. Competitors may not utilize any space under any competition tables for storage. The only exception to this is the allowance of a free-standing knock box.

7.6. End Competition Time

Competition time will be stopped when a competitor raises their hand and says "time". It is the competitor's responsibility to call "time" clearly to allow the time to be recorded accurately.

The competitor may choose to end their performance at any time. Competitors can stop the time once their final drink is placed on the presentation table to be served to the judges or may choose to go back to their station to clean before stopping the time. Only the time recorded by the competition timekeeper or head judge will be used for scoring purposes.

Competitors will not be penalized or rewarded for finishing early.

7.7. Communication After the Competition Time

Competitors should not continue to talk to the judges once their competition time has ended. Any conversation after the competitor's competition time will not count towards their total score. Competitors may continue to talk to the Master of Ceremonies after the competition time has ended; however, the judges will not consider any conversation or explanation given after the competition time.

7.8. Overtime Penalties

- A. During the Art Bar competition, competitors must place their completed beverage in the designated judging/photography location before the end of the 5-minute competition time. If a competitor goes over the allotted 5 minutes, they will receive a 0 for Art Bar.
- B. During all Stage Presentations, if the competitor has not finished their presentation during the allotted 8/9/10-minute period, they are allowed to proceed until the presentation is completed.
- C. For every second a competitor goes over the allotted 8/9/10-minute competition time, they will lose 1 point.
- D. Any competitor whose performance period exceeds 10 minutes in the Preliminary Stage Performance, 11 minutes in the Semi-Finals, and 12 minutes in the Finals Round will be disqualified.

7.9. Coaching

Instructions or 'coaching' may not be provided to a competitor during their competition time under penalty of disqualification. WCE encourages audience participation and enthusiastic fan support that does not interfere with the competition. Coaches, supporters, friends, or family members are not allowed on stage or to interfere with the competition while it is in progress, otherwise the competitor is subject to disqualification by the stage manager or presiding head judge.

As discussed in the "Forgotten Accessories" section below, no persons other than the competitor may retrieve forgotten accessories or equipment for the competitor. Delivery/retrieval of forgotten items by any person other than the competitor will result in disqualification.

8. Technical Issues

During the preparation and/or competition time if a competitor feels there is a technical problem with:

- A. The espresso machine (including power, steam pressure, control system malfunction, lack of water or drain malfunction).
- B. The grinder.
- C. Any additional electrical equipment (excluding the competition clock).
- D. The AV equipment (such as the microphone).

Then the competitor should raise their hand to call a "technical time out" and ask for the stage manager (during preparation time) or for the head judge (during competition time), and the time will be stopped. The official timekeeper will make note of time when "technical time out" is called. It is the

head judge's responsibility to ensure the timekeeper is aware of making note of "technical time out" being called.

- A. If the stage manager/head judge agrees there is a technical problem that can be easily resolved, they will decide the appropriate amount of time for the competitor to be credited. Once the technician has fixed the problem, the competitor's time will resume.
- B. If the technical problem cannot be resolved in a timely manner, the stage manager/head judge will make the decision on whether the competitor should wait to continue their performance or stop the performance and start again at a reallocated time.
- C. If a competitor must stop their competition time, the competitor along with the head judge and stage manager will reschedule the competitor to compete in full again later.
- D. If it is determined that the technical issue is due to competitor error or the competitor's personal equipment, the head judge will determine if no additional time will be given to the competitor, and the preparation or competition time will resume without time being credited.
- E. Unfamiliarity with competition equipment is not grounds for a technical timeout.
- F. Inconsistency or variation between group heads requiring adjustment is only grounds for technical timeout during preparation time.

8.1. Obstructions

- A. If any individual, such as volunteers, judges, audience members, or photographers are of an obvious hindrance to a competitor, then the competitor will be given additional time. The head judge is responsible for overseeing this and will decide how much additional time will be credited.
- B. If individuals (such as photographers or cameramen) make physical contact with a competitor, the competitor can call a time out. The head judge has final discretion on whether the time out is deemed necessary.

8.2. Forgotten Accessories

- A. If a competitor has forgotten some of their equipment and/or accessories during their preparation time, the competitor may exit the stage to retrieve the missing items; however, the preparation time will not be stopped.
- B. If a competitor has forgotten some of their equipment and/or accessories during their competition time, they must inform the head judge that they have forgotten an item(s)

offstage and then retrieve the missing item(s) themselves with no assistance. The competition time will not be stopped.

- C. Nothing may be delivered by the runners, supporters, team members, or the audience.
- D. Delivery/retrieval of forgotten items by any person(s) other than the competitor may result in disqualification.

9. Clean-up Time

Once a competitor has finished their competition time, they will begin cleaning up the station. If a competitor brought their own electrical equipment, the station runner can help the competitor remove these items from the station. Competitors are expected to remove all their personal equipment and supplies and thoroughly wipe down their station. The judges do not evaluate the clean-up time.

10. Post-Competition

10.1. Scorekeeping

10.1.1. WLAC Official Scorekeeping

The WLAC official scorekeepers are responsible for adding all scores and for keeping all scores confidential.

10.1.2. Competitors' Total Score

The competitor's total score of Stage Presentation will be tallied by adding the total of the technical scoresheet and the 2 visual scoresheets, and any time penalty subtracted from the total.

To calculate the total score of Art Bar, each judge's score will be multiplied by 3, and then calculated by adding the total score of each judge.

The head judge scoresheet does not count towards the competitor's total score.

10.1.3. Tie Scores

If there is a tie between 2 or more competitors in any round, the competitor with the higher combined visual judges scores will be ranked higher.

If there is still a tie between 2 or more competitors, the competitor with the higher total "Overall Appealing Impression" score will be ranked higher.

10.2. Debriefing

Following the competition, competitors will have an opportunity to review their scoresheets with the judges by the schedule announced by the event organizer, this may be in person or online. Competitors will not be allowed to keep their original scoresheets before the WCE event manager scans the copy of the scoresheets.

11. Judging Criteria

11.1. Competition Area

The technical judge will evaluate the competition area for cleanliness at the beginning and end of the performance/competition time.

11.2. Beverage Presentation

Points will be awarded based on the visual presentation of the drinks.

11.3. Technical Skills

Points will be awarded based on the competitor's technical knowledge and skill operating the espresso machine and grinder.

11.4. Performance

Points will be awarded based on the judges' overall impression of the competitor, their skills, and personal and beverage presentation.

12. Evaluation Scale

There are 2 types of scoring:

- Yes/No
- Numeric Scores: 0-6

The evaluation scales are the same for technical and visual judges.

Yes = 1 No = 0

Unacceptable = 0

Acceptable = 1

Average = 2

Good = 3

Very Good = 4
Excellent = 5
Extraordinary = 6

12.1.1. Yes/No Score

The competitor receives 1 point for a score of Yes on this item, and 0 points for a score of No.

12.1.2. Numeric Scores

Available scores range from 0 to 6. Half-points are permissible in the range from 1 to 6. Judges are encouraged to use the full range of scores. Low numbers indicate a poorer presentation and higher indicates a better presentation. Certain scores are weighted and multiplied by 2 or 4.

13. Technical Evaluation Procedure

The following is an explanation of the technical scoresheet. Each competitor will be evaluated by 1 technical judge.

13.1. Technical Evaluation – Espresso

The technical skills standards are the same for all beverages in the Preliminary, Semi-Finals, and Finals rounds (differing only by the number of drinks assessed in each round).

No technical evaluation will be made of the Preliminary Round Art Bar.

13.1.1. Flushes the Group Head

The flushing of the group head must occur prior to each extraction (either after removal of the portafilter from the group or just before re-insertion). If the group head was flushed prior to the extraction of the served beverages, the judge will mark “Yes”.

13.1.2. Dry/Clean Filter Basket before Dosing

If the filter basket was dried and cleaned prior to the served beverages, the judge will mark “Yes”.

13.1.3. Acceptable Spill/Waste When Dosing/Grinding

Spill/waste is ground coffee that was not used during the competition/performance time (e.g., spill/waste can be found in the dosing chamber, in the knock box, on the counter, in the trash, on the floor, etc.). Waste that is created by beverages that are not served does not count towards a competitor’s total waste. Acceptable spill/waste is up to 5 grams of unused coffee per beverage category. To earn a score of 1, the waste should not exceed 5 grams of unused coffee per beverage category.

13.1.4. Consistent Dosing/Tamping

The competitor should be demonstrating a consistent method for dosing and tamping for all the competitor's drinks. The competitor should evenly distribute the coffee grounds, followed by leveled tamping of adequate pressure. Cultural differences should be taken into consideration.

13.1.5. Cleans Portafilters (Before Inserting)

The competitor should clean basket rim and side flanges of portafilter before insert into the machine. If clean, the judge will mark "Yes".

13.1.6. Insert and Immediate Brew

The competitor should start the extraction immediately after inserting the portafilter into the machine without any delay, if done the judge will mark "Yes".

13.1.7. Extraction Time

Technical judges will time all shots extracted and determine whether shot extraction times are within a 3.0-second variance. If the extraction time is within a 3.0-second variance of each other for all the competitor's drinks (both for the free pour latte and designer latte, except for the macchiato) the judge will mark "Yes" under each drink category, and vice versa. Extraction time begins when the competitor activates the machine's pump. Shot times for shots that are not served are not included in this score. Extraction times must be a minimum of 15 seconds for macchiatos, and 20 seconds for lattes. If the extraction times are outside/under the times stated, a 0 will be given in this area. The macchiato will not be included in the "3-second variance across all drinks served" scoring, they will only receive a Yes/No score based on the 15 second minimum extraction time.

13.2. Technical Evaluation – Milk Frothing

13.2.1. Empty/Clean Pitcher at Start

The competitor should pour cold, fresh milk into a clean pitcher, which must not have been filled during the preparation time. The pitcher should be clean on both inside and on the outside.

13.2.2. Purges Steam Wand before Steaming

The competitor should purge the steam wand before inserting it into the milk pitcher.

13.2.3. Cleans the Steam Wand after Steaming

The steam wand should be cleaned with a dedicated bar towel. If completed, the judge will mark "Yes".

13.2.4. Purges the Steam Wand after Steaming

The competitor should purge the steam wand after steaming the milk. If completed, the judge will mark “Yes”.

13.2.5. Clean Pitcher/Acceptable Milk Waste at End

Acceptable waste is no more than 90ml in total per each drink category. If under 90ml remain in the pitcher, the judge will mark “Yes”.

13.3. Technical Skills - Hygiene

The judge will determine this score based on the competitor’s hygiene throughout their entire presentation.

When the competitor’s presentation time begins, the competitor must have a minimum of 3 cloths, and each should have a purpose. The judges must evaluate the usage of these cloths. The competitor should use 1 for the steam wand, 1 for cleaning the filter basket and 1 for the workstation. Competitor will receive low score if they:

- Use a non-dedicated cloth to clean a steam wand (using it for some other purpose other than using it to clean a steam wand).
- Do something that is not sanitary or food safe with a cloth (e.g., touching it to the face or mouth, etc.).
- Use a cloth once it has touched the floor.

13.4. Performance

13.4.1. Workspace Organized and Clean at Start and End

- A. The cleanliness and organization of the competitor’s workstation (worktable, prep table, top of machine) will be evaluated on a scale between 0 and 6. If the area is messy, a 0 score be given.
- B. It is permissible to have a small amount of coffee grounds around the grinder.
- C. The working area should be organized in a practical and efficient manner.
- D. The competitor should have a minimum of 3 clean cloths available when the performance time starts. The cloths should have a purpose (e.g., 1 for the steam wand, 1 for drying/cleaning baskets, 1 for bar clean up. A towel on the competitor’s apron/person is included in this count).

- E. There should be no water in the cups at the start of the competition time. If there is any water in the cups on top of the espresso machine at any time, the competitor will receive a score of 0 on each of the technical scoresheets.
- F. Competitors may have pucks in the portafilters at the start of their competition time. This will not count against clean area at start up.
- G. The working area should be clean at the end of the competitor's competition time. It is permissible to have a small amount of coffee grounds around the grinder.
- H. If an accident should occur (e.g., a competitor spills 1 of the drinks), the competitor should have it cleaned up by the end of their performance time.
- I. Cleaning while working (removing spent grounds, wiping tables) will help the competitor's score.
- J. All wares and tools (e.g., tampers, cups, trays, pitchers, etc.) are included in this evaluation including items on the espresso machine and worktables.
- K. Spent pucks are allowed to be in the portafilters at the end of performance and are not part of this score.

13.4.2. Overall Impression

The Overall Impression of the competitor's technical performance will be evaluated on a scale between 0 and 6. Elements to be considered include:

- A. The competitor's overall workflow and use of tools, equipment, and accessories.
- B. The competitor's ability to understand the correct use and operation of the espresso machine.
- C. The competitor should display an understanding of the correct use and operation of the grinder – including the management of coffee in and through the grinder. The competitor should have adjusted the grind during their preparation time. Competitors should grind coffee for each shot or set of shots.
- D. The competitor is trying to achieve extraction times within a 3 second variance and shot volume of 25-35 ml (30 ml +/- 5 ml). Extraction times must be a minimum of 15 seconds for macchiatos, and 20 seconds for lattes.
- E. The technical judge is responsible for inspecting the competitors understanding of the grinder and consistency of dosing and tamping skills. Judges must look for levelness of tamp, indications of channeling or holes, and consistency of tamping.
- F. The technical judge will evaluate the competitor's workflow throughout the presentation, including the organization and placement of tools, cups, and accessories; the competitor's

movement and flow in and around the workstation; the cleanliness and maintenance of the station (equipment, counters, towels, pitchers); the management of coffee and milk.

- G. A 0 will be given in this category in the case that any liquid or ingredients are placed on top of the machine
- H. The competitor keeps the portafilter spouts clean and avoids placing spouts in dosing chamber
- I. The competitor needs to remove any water or grounds on the portafilter spouts by cleaning the spouts. Rinsing, using a towel, and wiping with fingers are all acceptable methods for achieving clean spouts.
- J. The competitor should display an understanding of the correct use and operation of the steam wand in creating the required quality of textured milk.

14. Visual Evaluation Procedure

The following is an explanation of the visual scoresheet.

The visual standards are the same for all beverages in the Preliminary, Semi-Finals, and Finals rounds differing only by the number of drinks assessed in each round.

14.1. Preliminary Round - Art Bar

- A. The addition of a Preliminary Round in the bar area is to allow the competitors to push the boundaries in their creativity and artistic aesthetics without the stress of being judged on stage. Patterns presented should be an inspiration for baristas worldwide and be an impressive representation of the barista's skills for the general public.
- B. The photographs will be judged by a panel of a minimum of 4 judges, 3 certified WLAC judges, and 1 judge who may be chosen for their artistic expertise (chef, artist, designer etc.) who may not have coffee expertise.
- C. The judges will assess the drinks on their overall appealing impression.

14.2. Preliminary, Semi-Finals, and Finals – Stage Performance

Patterns will be evaluated using the following criteria by all visual judges. It is important that visual judges follow these criteria consistently.

14.2.1. Two Identical Patterns Matching the Presented Picture

Judges will assess the similarity of the 2 presented patterns to the presented picture. Because competitors are demonstrating their skill in replicating an intended pattern, this is the only category

where judges will review both presented patterns, and not just the pattern specifically presented to them.

6 points will only be awarded to 2 patterns that are identical to the presented picture, whatever the quality of the design in the presented picture (this section is marking the similarities rather than the quality of the pattern itself). 2.5 points will be awarded if 1 pattern was identical to the presented picture and the other bore no resemblance to the picture at all. 0 points will be awarded if both drinks bore no resemblance to the picture at all.

14.2.2. Visual Foam Quality

Judges should visually assess the quality of the foam on the beverage for a bubble-free, smooth, glossy rich consistency. Judges will only evaluate the 1 cup presented to them in this section.

14.2.3. Contrast between Ingredients

Judges will review only the drink presented to them. High points will be awarded to patterns demonstrating sharp contrast between the surface of the beverage and the white milk foam. Unintentional mixing/blurring of the contrast will reduce this score.

Judges should consider areas of mixed crema and milk foam that are intentionally created by the competitor as a requirement of the desired pattern.

14.2.4. Harmony, Size, and Position of Pattern

Judges will only review the pattern presented to them. Competitors should align the pattern with the cup handle at 3 o'clock.

Judges will review the size and position of the pattern and its relation to the cup. If the pattern involves several elements, the judges will review their position and balance.

14.2.5. Successfully Achieved Level of Difficulty

Judges will review only the pattern presented to them. High scores will be awarded to difficult patterns successfully achieved. If a competitor attempts a difficult pattern but fails to represent that pattern in the presented drink, then a low score should be expected.

14.2.6. Overall Appealing Impression

Judges will only review the drink presented to them. Judges should review the look of the drink in its totality based on its personal impact on them. Judges will consider the creativity of the pattern. Highest points will be given for presenting a design that pushes the boundaries in latte art skills and techniques. Judges are looking to recognize fundamental latte art skills such as free-pouring and give higher points when these skills are taken to new levels and enhanced with further techniques (on

those drink categories that allow it). To score this section it may be worth considering how a customer, rather than a coffee professional, may score the presented pattern.

14.2.7. Professional Performance

The competitor's performance will be scored based on the service skills, flair, and style they display in the production of the drinks.

General hygiene throughout the entire presentation and hospitality skills will also be taken into account.

Professionalism is evaluated by observed qualities relevant to the barista profession including technique, preparation, correct use of the equipment, good customer service skills, and the ability to manage workflow and time. The competitor must demonstrate they are a coffee professional who has command over their performance and their latte art.

Multiple competitors may be competing at the same time and will not have microphones and their own music; it is therefore not expected for them to give a detailed verbal presentation.

15. Appeals at the World Latte Art Championship

15.1. Judge Related Issues

Most scorekeeping questions will be answered during competitor debrief. If a competitor objects to the scores given by 1 or more judges, the competitor can meet with their head judge during the competitor debriefing to explain their protest. If the head judge is unavailable, the competitor may discuss with the Judge Operations Lead onsite. If the issue is not solved, the competitor may protest in writing to WCE (see Appeals below). This will be reviewed by judge leadership and the WCE Competition Operations Committee. They will decide on-site and a representative of the WCE Competition Operations Committee will inform the competitor of the decision.

In the unlikely event that the head judge or any other WLAC personnel discovers or suspects potential dishonest behavior by a WLAC judge during a competitor's evaluation, then the following will apply:

- The head judge will request the return of all applicable scoresheets from the official scorekeeper.
- The head judge will meet with the WLAC judge(s), WCE Staff, and WCE Competition Operations Committee Chair(s) to evaluate the situation.
- The WCE Staff and WCE Competition Operations Committee Chair(s) will then rule upon the matter in a closed meeting.

- If the matter of dishonesty is extensive, the WCE Competition Operations Committee Chair(s) has the power to rule that the WLAC judge will be excluded from judging in any future WLAC sanctioned competitions.

15.2. Competitor Related Issues

If a competitor has an issue or protest to make regarding the WLAC during the competition, the competitor should contact the WLAC event organizer. The event organizer will then determine whether the issue can be resolved on-site at the WLAC, or whether the issue will require a written appeal following the WLAC.

If the WLAC event organizer decides that the issue and/or protest can be solved on-site at the WLAC, the WLAC event organizer will contact the involved party or parties to ensure fair representation. The competitor's issue and/or protest will be discussed, and a decision will be made jointly, on-site by the WLAC event organizer and the designated onsite representative of the WCE Judge Operations Lead. The WLAC event organizer will inform the competitor of the decision.

15.3. Appeals

If a person does not agree with a decision, they may appeal the decision in writing to the WCE Competition Operations Committee. All decisions made by the committee are final.

The appeal letter must include the following:

- Name
- Date
- A clear and concise statement of the complaint
- Date and time references (if applicable)
- Comments and suggested solution
- Party/Parties involved
- Contact information

Any written protests/appeals omitting this information will not be considered. All persons must submit their written complaint or appeal to the WLAC Event Manager via email to info@worldcoffeeeevents.org within 24 hours of the incident.

15.4. Appeals Reviewed by the Competition Strategic Committee

The WCE Competition Strategic Committee will review written complaints or appeals and endeavor to respond as soon as possible. Please note that the final resolution will be delivered within 30 days

of receipt. The WCE Competition Strategic Committee will contact the person in writing via email with final rulings.

16. Competition Body Events

16.1. Highlighting Rule Variations for Competition Bodies

Below is a list of some permitted logistical adjustments for Competition Bodies.

- **Rounds/Competition Procedure:**
 - For ease of conducting Competition Body competitions, organizers may choose to select their champion by holding a competition based on only 1 round. This can be the Preliminary Round, Semi-Finals, or the Finals Round of the WLAC.
 - Competition Body competitions do not have to use identical cups to the WLAC. However, the cups must fall within the volume definitions of each drink type and, ideally, Competition Body competitions are run with cups of the same volume and shape as the WLAC so as to better prepare the Competition Body Champions for the WLAC.
- **Competitor Minimum:** Competition Bodies Championships must have a minimum of 6 competitors. If the minimum of 6 competitors is not reached, Competition Bodies must contact their Regional Community Director at least 2 weeks before the scheduled competition.
- **Qualifying Rounds:** Competition Bodies may hold qualifying or preliminary competitions ahead of their Championship. The structure of qualifying competitions is up to the Competition Body and may have slight format variations. Structure cannot be modified for the final Championship event but may only be modified for qualifying or preliminary competitions which lead up to the final Championship event. WCE Representatives are not required for qualifying/preliminary events. WCE Reps are required for the Championship event.
- **Practice Time:** Scheduled practice time for competitors may vary and will be determined by the Competition Body. However, every competitor must get the same amount of scheduled practice time.
- **Practice Location:** Practice may be on stage, backstage, or off site. The location of the competitor's practice time will be determined by the Competition Body.
- **Provided Equipment:** Competition Bodies are not required to use the same sponsored equipment of the World Coffee Championships. If an equipment sponsor is acquired by a Competition Body, the Competition Body may independently specify their equipment requirements.

- **Scoresheet Return:** Competition Bodies may return physical scoresheets to competitors at the event or they may email them to the competitors after the event.
- **Microphones and Music:** Competition Bodies may or may not allow competitors to play music and have competitors wear wireless microphones, depending on the venue and available audio-visual equipment.
- **Competitor Debriefing:** Judges will have debriefing time with competitors. The schedule for this debriefing time will be set by the Competition Body.
- **Competitor Orientation:** All competitors should get the same information in advance of the competition. All competitors should be informed of what equipment will be used, practice schedule, competition schedule, etc.

16.2. Appeals at A Competition Body Event

If a competitor has an issue or protest to make regarding their Competition Body Championship during the event, the first step should be to contact the event organizer and/or WCE Representative on site. All problems should be attempted to be resolved as soon as possible. On-site solutions are the most effective and appropriate. Appeals made after the competition's end are more difficult to effectively arbitrate.

If the event organizer decides the issue and/or protest can be solved on-site, the event organizer will contact the involved party or parties to ensure fair representation. The competitor's issue and/or protest will be discussed, and a decision will be made jointly, on-site by the event organizer and the designated onsite WCE Representative. The event organizer and/or WCE Representative will inform the competitor of the decision.

If the issue requires a written appeal, this should be made directly to the Competition Body and WCE Representative via email within 24 hours of the incident. If the appeal is logistics-related, the Competition Body is fully responsible for the investigation and any arbitration if applicable. If the appeal is judge or rules related, the WCE Representative may investigate the issue and provide a suggested arbitration. The Competition Body and WCE Representative must report all written appeals to WCE within 24 hours of receipt. However, WCE does not directly certify or manage Competition Body judges or volunteers, and so cannot arbitrate their actions. Appeals from Competition Body events may take additional time to address; the person submitting the appeal should expect to see resolution within 30 days.
